

## Buzzing Around

Your bees have been busy buzzing around  
**Pick 2 memory colors of your choice**  
They do not have to be of the same color

## Didn't Happen

That is not what really happened  
**Reroll a die or spend 1 honey to change the roll to whatever you want**

## Extra Energy

Your bee has extra energy today!  
**Choose a bee to take 2 extra actions during her turn**  
Bees making honey cannot take extra actions

## Healthy Year

Your beehive has been healthy this year  
**Add a new bee to your population**  
Unless you have 6 already

## Lost & Found

Your bee got lost looking for honey but she found her way back and now has nectar to share!  
**Pick any 3 nectar to take to the hive**

## New Flowers

Your bee stumbled upon new flowers growing in a familiar area  
**Pick 2 nectar from the bank**

## Rush Ahead

Your bee rushes ahead to get past the crowd and get started on the good stuff  
**Skip over a flower bed before your first action**  
You still risk getting lost if you travel through an unknown area

## Out of Place

There are flowers in this area that don't belong  
**Take nectar of any color from the bank INSTEAD OF taking it from the garden you're in**

## Increase Demand

Your hive is increasing their demand for honey  
**Look at 3 recipe cards and pick one of them to keep**  
Do not go over 7 in the hive
